

## Entry Gate Call Box, Codes and Clickers

Some of our neighbors feel left out because their name does not appear properly in our Name Index in the Call Box at our gate house. If this sounds all too familiar, first, check to see if you are there. We are working on the Alphabetization, but everyone living here should be listed, whether owning or renting. If you are not, please contact our Management Company, Pinehurst at 298-2146, and ask for Ann or send her an email at [Ann@pinehurstproperties.net](mailto:Ann@pinehurstproperties.net) Ann can also help if you need a new gate clicker (there is a charge) or a new Key that opens the Clubhouse and the 3 Walking Gates (a smaller charge). Note that you can have multiple entry codes for our gate so you can give one to a vendor/worker and different one to a visitor without giving them your personal code. Our primary shared vendors, like Arizona Daily Star delivery, UPS, Fedex, and the Utilities, already have their own codes, but if you hire a painter, gardener or caregiver who comes regularly, you can request a personal code that you can easily cancel at a later time if needed. If you have any questions, you can always write to your Board of Directors and one or more will answer if you use this email address: [Board@VactorRanch.org](mailto:Board@VactorRanch.org)
